

Greetings and Salutations!

Thanks for your interest in shooting photos and videos at NC Comicon. Please note that a Media Pass is required for all professional photography, video, and/or any other recording at the event. To apply for a Media Pass, please use the application form on the Media tab of www.nccomicon.com.

To make sure all of our attendees, guests, and media have a fun, safe, and easily accessible experience at the show, we have a few guidelines we ask all photographers and videographers follow. Please read all of the information below and understand that failure to abide by these guidelines could result in your removal from the show.

- Be respectful of guests and attendees and do not act in ways that could interrupt panels, signings, film screenings, or interactions at tables or booths throughout the show.
- Do not block doorways, hallways, panel rooms, or theaters with cameras, tripods, lights, interviews, photoshoots, or other equipment or activities that could block passageways or impede the flow of traffic.
- For cosplay photography, please be respectful of the cosplayer's privacy and personal space and do not take photos without their express permission or giving them an opportunity to prepare their costume and pose.
- Do not use any NC Comicon logos or other official branding on your videos or photos, including as watermarks, titles, bugs, burn-ins, or any other potential uses.

If you have any questions, feel to contact our Media and Communications Director at any time via the Media Contact button on the Media tab of www.nccomicon.com.

Thanks again for your interest in NCC. Hope to see you at the show!

Sincerely,

The NC Comicon Team
